**ACKNOWLEDGEMENT OF NOTIFICATION
OF HAZARDOUS WASTE ACTIVITY
(VERIFICATION)**

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

NOTIFICATION OF HAZARDOUS WASTE ACTIVITY

INSTRUCTIONS: If you received a preprinted label, affix it in the space at left. If any of the information on the label is incorrect, draw a line through it and supply the correct information in the appropriate section below. If the label is complete and correct, leave Items I, II, and III below blank. If you did not receive a preprinted label, complete all items. "Installation" means a single site where hazardous waste is generated, treated, stored and/or disposed of, or a transporter's principal place of business. Please refer to the INSTRUCTIONS FOR FILING NOTIFICATION before completing this form. The information requested herein is required by law (Section 3010 of the Resource Conservation and Recovery Act).

PLEASE PLACE LABEL IN THIS SPACE

May 17, 1983

Mr. Robert Benvin
Bureau of Solid Waste Management
P.O. Box 2063
Harrisburg, PA 17120

Dear Mr. Benvin:

Enclosed is a subsequent Notification of Hazardous Waste Activity for our Loucks Mill Road Plant (PAD 098737794). This notification is submitted pursuant to the Department's November 5, 1982 request for submission of Part B of the Hazardous Waste Management Permit Application. We are requesting that our classification be changed from treater, storer, and disposer (TSD) to generator and that our wastewater treatment unit operate under Permit By Rule status, as set forth in sections 75.262(g) and 75.265(z)(17) of the State's Hazardous Waste Management Regulations.

Our wastewater treatment unit (WTU) is an on site captive facility, treating only wastes generated on site. It operates under a wastewater discharge permit with the City of York. Compliance with the city's industrial pretreatment ordinance is consistently achieved by the WTU.

We have reduced our hazardous waste inventory to a sub-90 day accumulation level. All remaining and future hazardous waste will be shipped off site to an independent TSD facility for treatment and disposal within 90 days of generation.

A hazardous waste regulatory inspection of our facility was conducted on May 6, 1983 by DER hazardous waste specialists, Joe Kozlosky and Abdul Merchant, for the purpose of determining our eligibility for this status. Mr. Kozlosky and Mr. Merchant stated that all requirements evaluated during the inspection were satisfied, with exception to the listing of emergency coordinators

Page Two

May 17, 1983

Mr. Robert Benvin

in our PPC Plan. The PPC Plan is now being updated to include a current listing of emergency coordinators.

Should you have any questions or require additional information in evaluating the requested determination, please call. Thank you.

Very truly yours,

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION III

6TH AND WALNUT STREETS
PHILADELPHIA, PENNSYLVANIA 19106

August 9, 1981

Mr. Richard W. Richards
Litton Business Systems Inc. - Cole Division
640 Whiteford Road
York, PA 17402

Dear Mr. Richards:

This is to acknowledge that the Environmental Protection Agency has completed processing the information submitted in your Part A Hazardous Waste Permit Application. It is the Agency's opinion, based on the assumption that the information submitted is complete and accurate, you as an owner or operator of a hazardous waste management facility have met the requirements of Section 3005(e) of the Resource Conservation and Recovery Act (RCRA) for Interim Status. EPA has not verified the information submitted. If it is determined that the information is incomplete or inaccurate, you may be asked to provide additional information or in certain circumstances it may be determined that you do not qualify for interim status. In addition, this notice does not preclude a citizen from taking legal action under the provisions of Section 7002 of RCRA.

A facility not meeting the requirements for interim status under Section 3005 of RCRA may be required to close until such time as a hazardous waste permit is issued. Interim status may also be terminated, according to procedures in 40 CFR Part 124, if the owner or operator fails to furnish additional information which EPA requests in order to process a permit application.

As an owner or operator of a hazardous waste management facility, you are required to comply with the interim status standards as prescribed in 40 CFR Parts 122 and 265 or with State rules and regulations in those States which have been authorized under Section 3006 of RCRA. In addition, you are reminded that operating under interim status does not relieve you from the need to comply with all applicable State and local requirements.

The enclosure to this letter identifies the processes your facility may use, their design capacities, and types of waste your facility may accept during interim status. This information was obtained from the Part A Permit Application. If you wish to handle new wastes, change processes, increase the design capacity of existing processes, or change ownership or operational control of the facility, you may do so only as provided in 40 CFR Sections 122.22 and 122.23.

If you have any questions concerning this letter, please write to the address shown or call Bill Walsh at 215/597-1230.

Sincerely yours,

Shirley D. Bulkin

CONDITIONS OF OPERATION DURING
INTERIM STATUS

Date Prepared: August 9, 1981

The information shown below is based solely on the information that the owner and operator of this facility submitted in Part A of the Hazardous Waste Permit Application. This is not a determination by EPA that this facility is an environmentally acceptable facility for treating, storing or disposing of the hazardous wastes listed below.

1. Facility name, location, and EPA Identification Number.

Name: Litton Business Systems Inc. - Cole Division

Location: 601 Loucks Mill Road
York, PA 17403

EPA I.D. No.: PAD 09 873 7794

II. EPA considers the following to be the owner or operator of the facility and therefore the person(s) who must comply with the requirements set forth in 40 CFR Parts 122 and 265.

Owner's Name: Mr. Richard W. Richards - Vice President of Operations

Operator's Name:

III. During the period of interim status, the facility may use only the following processes for treating, storing or disposing of hazardous waste, up to the design capacities that are indicated.

<u>PROCESS</u>	<u>DESIGN CAPACITY</u>
S01	100,000 Gals.
T04	5,400 Gals/Day
T04	10,800 Gals/Day

IV. During the period of interim status, the facility may handle only the hazardous wastes with the following EPA Hazardous Waste Numbers, and/or solid waste exhibiting hazardous characteristics with the following EPA Hazardous Waste Numbers.

F006	F008			
_____	_____	_____	_____	_____
_____	_____	_____	_____	_____

* For Waste Codes F017 & F018, See Attachment

ATTACHMENT

Re: Paint Wastes

EPA has completed its initial review of your application to treat/store/dispose of hazardous waste under the Resource Conservation and Recovery Act (RCRA). The paint wastes listed as being handled by your facility have been temporarily suspended from regulation as a listed hazardous waste. An amendment to 40 CFR Part 261.32, Hazardous Waste from Specific Sources, was published in the Federal Register on January 16, 1981. This amendment temporarily suspended the listing of all wastes from the manufacture of paints (EPA Hazardous Wastes Nos. F017, F018, K078, K079, K081, K082) until further study on those wastes has been conducted. However, wastes which exhibit any of the hazardous waste characteristics (i.e. reactivity, ignitability, corrosivity, and EP toxicity) as defined in 40 CFR Part 261 remain subject to regulation under RCRA.

EPA requests that you make a determination as to whether or not the waste streams listed on your application are hazardous by one or more of the general characteristics. Ignitability and EP toxicity would be the characteristics which would most likely cause paint manufacturing wastes and residues to be defined as a hazardous waste. In order to properly process your permit application and avoid further inquiries, a response within 10 days would be beneficial to yourself and EPA.

If you have any questions, please do not hesitate to contact Bill Walsh at (215) 597-1230.

TIME

SUBJECT

Correction of T04 measurement on Page 1, Form 3.

SUMMARY OF COMMUNICATION

8/4/81

1:20 pm - Line was busy

2:53 pm - Mr Farrow stated that the plant runs approximately
9 hours per day. With this, the correct figures are 5400
gallons per day as opposed to 600 gallons per hour, and
10,800 gallons per day as opposed to 1,200 gallons per hour
for the T04 process on Page 1, Form 3.

Philadelphia, PA 19106

Dear Mr. Budd:

We are submitting revised sheets of Form 3, Part A, Page 5 of 5 of the Consolidated Permit Application Form for Hazardous Waste Facilities for the North Plant and the Loucks Mill Road Plant. These are the changes requested by you per your telephone conversation with our Mr. Farrow showing the location of the waste treatment plants of both locations.

If there are any questions, please advise.

Very truly yours,

Re: General Information, Consolidated Permits Program
COLE Business Furniture
EPA I.D. No. PAD098737794

Gentlemen:

Based on further review of our EPA Form 3510-1(6-80), General Information, Consolidated Permits Program, for Part A of RCRA submitted, dated November 19, 1980, we are making the following change to our EPA Form 3510-1(6-80). The "IV. Facility Contract" should be O. W. Farrow, Jr., Plant Engineering Manager, instead of Kenneth Bosserman, Manager of Manufacturing.

If you have any questions, please call O. W. Farrow, Jr.

Sincerely,

Richard W. Richards

Re: Notification of Hazardous Waste Activity
COLE Business Furniture
EPA I.D. No. PAD098737794

Gentlemen:

Based on further review of our EPA Form 8700-12(6-80), Notification of Hazardous Waste Activity, submitted August 15, 1980, we are making the following changes to our EPA Form 8700-12(6-80):

notification

2/2/81

✓

1. The "IV. Installation Contract" to O.W. Farrow, Jr., Plant Engineering Manager, instead of Richard Richards, Vice-President, Operations.

2/2/81

✓

2. From "IX. Description of Hazardous Waste, E. Characteristics of non-Listed Hazardous Wastes" eliminate D001 (ignitable) and D000 (toxic). All wastes are classified under A. of this Section.

mailed

copy to

Michael

Feraci

for signature

3. The "X. Certification", authorized representative to Michael Feraci, Director of Engineering, instead of Richard W. Richards, Vice-President of Operations.

If you have any questions, please call O. W. Farrow, Jr.

Sincerely,

Richards

Re: Acknowledgment of Application for
a Hazardous Waste Permit

This is to acknowledge that the Environmental Protection Agency has received: (1) A notification pursuant to Section 3010 of the Resource Conservation and Recovery Act for the facility located at the address shown above; and (2) Part A of a Hazardous Waste Permit Application for that facility, including a signed statement that the operation of the facility, or its construction, began prior to November 19, 1980. While the information provided by these submissions has not been fully reviewed for completeness or accuracy, EPA will accept this information as an initial qualification for interim status pursuant to Section 3005 of the Act. If after further review of this information, EPA determines that the owner or operator did not fulfill all the requirements for interim status, EPA may treat the owner or operator as not having qualified for interim status pursuant to that section and will advise the owner or operator of that determination. Facility owners and operators with interim status must comply with the standards set forth at 40 CFR Part 265 until a permit is issued. Interim status may be terminated if the owner or operator fails to furnish any additional information requested by EPA in order to process a permit application.
